## Synopsis Books:

A library apprentice, a sorcerer prince, and an unbreakable magic bond...

The Solaris Empire is one conquest away from uniting the continent, and the rare elemental magic sleeping in seventeen-year-old library apprentice Vhalla Yarl could shift the tides of war.

Vhalla has always been taught to fear the Tower of Sorcerers, a mysterious magic society, and has been happy in her quiet world of books. But after she unknowingly saves the life of one of the most powerful sorcerers of them all the Crown Prince Aldrikshe finds herself enticed into his world. Now she must decide her future: Embrace her sorcery and leave the life shes known, or eradicate her magic and remain as shes always been. And with powerful forces lurking in the shadows, Vhallas indecision could cost her more than she ever imagined.
