Synopsis Books:

Kerri is dead-set on setting her best friend up. But Sasha is not interested, especially when she finds out the guy in question is a lead singer in a band. She has one rule for her dating life and that is no musicians. She knows relationships with them can only end badly.

Jesse is persistent in getting Sashas attention, always being charming, genuine and there for her to lean on emotionally and physically after she breaks her foot. Sasha isnt sure she can continue to deflect his advances, and isnt sure she wants to.
