Synopsis Books:

"Kathryn, I'm neither good nor decent."

Kathryn Denton is not your average college graduate. She's made more mistakes and been through more than anyone her age. But she's over that now. With her hard earned degree in hand, she's ready to go into the real world and forget about her past. Unfortunately, fate has other plans in store for her. Just as she's about to start her new life, she spends one night with the sexy, dangerous, and irresistible James Manticorps.

She may not realize it, but her world is about to change forever.

James Manticorps seems like someone who can have anything he wants. He's confident, charming...and also the CEO and heir to a multi-million dollar media business. But James Manticorps is not the freewheeling playboy that the media makes him out to be. When he realizes that all he wants is Kathryn, he finds that the one thing he wants, may be the only thing he can't have.

After a mind-blowing night with James, Kathryn finds out that not only is her new job at none other than Manticorps Media, but also that James Manticorps may be hiding much more.

As soon as Kathryn begins her new job, she's dropped into a tense political drama that spans generations. Will Kathryn be able to cope?

Will James Manticorps tear her apart or will he make her whole?
