Butterfly Valley is an unforgettable story based on true events.

Liz, a disillusioned former spin-doctor, steps off a 747 in Istanbul only to be swept up in a whirlwind of chance encounters and split-second decisions. It is completely by accident, then, that she discovers a hidden cove on the Mediterranean Coast of Turkey the mysterious Butterfly Valley.

But Butterfly Valley offers much more than just pristine wilderness and untamed beauty. When Liz comes face-to-face with a beautiful blond backpacker, she learns that it also harbors forbidden desire.

As a jaded politico, Liz has long armored herself off from the rest of the world. She would never have dreamed that her heart could crack open again. But when you go someplace new, you become someone new. And theres no place in the world quite like Butterfly Valley.
