## Synopsis Books:

In the deepness of space there are millions of worlds like our own - and each with its own humanity. They are linked by the Bright, an ancient pathway between the stars created by an ancient, godlike race known only as the Makers. Now humanity travels the Bright, uniting its worlds to a common desiny. But the Bright can also be travelled by those bent on destruction - those who have chosen a different path, whose sole purpose is conquest.
