Synopsis Books:

A novel from the author of *The Leftovers*

Tracy Flick wants to be President of Winwood High. She's one of those ambitious girls who finds time to do it all: edit the yearbook, star in the musical, sleep with her English teacher. But another teacher, staunch idealist Jim McAllister (aka "Mr. M."), thinks the students deserve better. So he persuades Paul Warren--a well-liked, good-hearted jock--to throw in his hat. But that puts Paul's sister, Tammy, in a snit. So she runs, too, on an apathy platform--before starting a real campaign...to get herself kicked out of school. Tammy's upset because her secret, forbidden love has been lured away...by her own brother. Tracy's upset because losing this election might screw up her college chances. Mr. M.'s upset because ever since he embarked on his own extramarital affair, his life's been falling apart. As for Paul, well, he's not sure *what's* going on.

The whole idea was to educate the students at this suburban New Jersey school in the democratic process and the American way. But with all the sex scandals, smear campaigns, and behind-the-scenes power brokers at Winwood High, it doesn't look as if they need any lessons...
