Synopsis Books:

Nathan has never been in love. He's never felt the pleasure of falling in love, never felt that sense of belonging that comes with being in love. Ever since the dolphin shifter's pod was broken up by the appearance of a ruthless new leader in Key West's shifter community, Nathan has turned his back on the one aspect of his life that always gave him joy--becoming Dolphin. Now, he hides in the shadows and pretends that the life he's built for himself with a domineering, abusive boyfriend is exactly the life he wants.

Jacob has no intention of falling in love. The orca shifter has tracked Aiden, the Key West shifters' leader, halfway around the world, and all he wants is to avenge his brother. Claiming a mate is the last thing on his mind, especially a mate as damaged as Nathan.

Caught in the path of a hurricane and the boiling maelstrom of their own feelings, Nathan and Jacob soon realize that their goals align as harmoniously as their bodies. Can they work together to defeat Aiden and bring back peace to the Key West shifter community and their own damaged hearts? Or will the coming storm leaving nothing but pain and destruction in its wake?
