Synopsis Books:

Bob Astor is a Quality Assurance agent working at Vartan Inc. Lately his days have been stressful, to say the least. Butting heads with upper management has put his career on life support. A surprising change in circumstance has Bob going on a business mission to the moon city, Langrenus. On the way, he meets one of the delegates on board the Starbird, a desperate man with a dark past and a very dangerous secret. Through a mysterious series of events Bob finds himself in the middle of an interplanetary crises that no one knows about. These secrets could change - or destroy - all human life on Earth. The key to the answer of the crises is on the Red Planet, Mars. It's up to Bob, the burnt-out Q. A. agent to rise to the occasion and stem the dangerous tide coming from beyond the solar system.
