Synopsis Books:

Cara Mia

It all begins with my story.

I was Mommas beautiful, happy, hippie princess. Then I was lost, sad and closed off. I wanted the fairytale, I wanted to be Cinderella.

When I was preparing to start life on my own my story took on twists and turns I never expected. I decided to take some time to turn my story around. I wanted a happily ever after that was almost impossible until I met Amber, my friend, and she made me realize my story wasnt where it was meant to be.

Then Jordan came along, my prince, and now my story is out of my hands. Ive found what I was missing and I didnt even know it, but it may all be taken away from me. I may even be taken away from this wonderful life Ive built and the people Ive surrounded myself with. My beautiful life could be gone and my fairytale forgotten. I dont even have a glass slipper to help me.
