Synopsis Books:

"I've just discovered a few secrets about this new world I'm now a part of that both frightens and excites me."

I just woke up from one hell of a night. My body was still tingling all over from the mind-blowing experience of what I went through. Unfortunately, I didn't have time to reflect on that... or even bask in it. I had to attend a demonic shindig and bring an innocent human along with me, most likely for a human sacrifice if what Agent Smith from the Society has told me is true. The problem I'm having is searching for a human to bring to the slaughter. A person who's done nothing wrong. They don't deserve to be put in the line of danger, nor do they deserve to die. How am I going to keep my cover, learn more about this demon cult I'm trying to infiltrate and keep innocent people from being hurt? God, I'm so far out of my league right now. I need help, but who?
