Synopsis Books:

Can it ever be too late to chase your dreams? The witty, clever and heartbreaking new novel from the bestselling author. When twins Annie and Lauren attend their sister Chelsea's fortieth birthday party at the Dorchester Hotel, they wonder why their lives are so totally different from their gorgeous, glamorous sister. Why is it that Chelsea's handsome husband is twirling her round the dance floor, with an expression of utter devotion on his face, while Annie's husband is away on a fishing trip and Lauren's boyfriend is at home with his wife and kids. Surely, they are doing something wrong here. The question is, is it too late for them to change...?
