Synopsis Books:

Kinky girls come in many shapes and sizes, but all share some common qualities. They live for pleasure both to give it and receive it and they're definitely not afraid to push the sexual boundaries to realise their goal. Whether it's bondage, role play, toys or al fresco loving, nothing comes between a girl and her kink unless she wants it to, of course!

For these wild women, variety is the spice of life and experimentation is the key to finding complete satisfaction.
