## Synopsis Books:

*Kirinyaga: A Fable of Utopia* collects Mike Resnick's famous Kirinyaga stories and ties them together in a thematic arc that has novel-like continuity. The story focuses on Koriba, a *mundumugu* (sort of like a witch doctor and a wise man rolled into one) of the Kikuyu tribe. Koriba feels that his tribe has been corrupted by "European" technology, so he helps to establish a small, utopian planetoid named Kirinyaga where the Kikuyu can return to their roots, farming the land and worshipping the god Ngai without technological or cultural interference. As utopias go, Kirinyaga experiences its fair share of problems--both from within and without--each of which is detailed in the individual chapters and stories.
