Synopsis Books:

Supernatural & J2 Big Bang 2012 - Sam/Dean

AU after Plucky Pennywhistle's Magical Menagerie. During the final battle with the Leviathans, God finally makes an appearance and deigns to intervene. After granting Sam and Dean a few final requests, he 'packs his bags' and takes everything supernatural in existence with him. Left with nothing to hunt, Sam talks a reluctant Dean into settling down in a small town outside of Sioux Falls. Sam seems to want them live a normal kind of life, but between the ridiculous estate sale Sam bought to furnish the house, the arrival of a very human Castiel who's overwhelmed by human emotions, and their quirky, invasive neighbors, it's anything but. Dean's having a difficult time adjusting, convinced everything couldn't be more abnormal until Sam reveals exactly what kind of life he wants to have with Dean. Dean can't deny the part of him that wants it--but can he accept it?
