Six years. Two break ups. One divorce. They should be over each other.

Police officer and army reservist Rafe Minelli knows better than to tell his wife no, particularly since they aren't married anymore. She cant hightail it out of town, though, not when theyve finally broken through the post-divorce cold war status quo.

Olivia Minelli needs to leave Pine Harbour. Its just too hard to see Rafe moving on without hereven if he says he doesnt want to. But when a new and exciting job falls into her lap, she needs to choose: protect her heart, or take the new job and risk getting emotionally entangled with her ex-husband. Again.
