Synopsis Books:

Mötley Crüe's gleeful glam debauchery and unstoppable anthems have made them metal gods, selling over 72 million album copies worldwide and landing their band biography *The Dirt* on bestseller lists around the country. Mötley Crüe is amazingly the first photographic history of the band. Legendary rock photographer Neil Zlozower's images capture the band's rise from their breakthrough album *Shout at the Devil* through rock 'n' roll excesses to follow with the unprecedented all-access candor of a friend to the band. In hundreds of photographs and stories from the band and those close to them, Mötley Crüe reveals them onstage, backstage, on tour, hanging out, and in studio a must-have album of photos and testimony on one of the most powerful and controversial bands in rock history.
