## Synopsis Books:

The young ladies of Hertfordshire are dropping like flies.

Miss Elizabeth Bennet could not be more pleased when the famous London detective Mr Sherlock Darcy makes it his business to solve the mystery of three young ladies deaths not least because he shares her suspicion that there must be more behind the deaths than mere accident. But even she never could have guessed, as they embark upon the investigation, how close to home the solution lies.

It is a truth universally acknowledged that a mother in possession of unmarried daughters must be in want of eligible bachelors. Less well known are the lengths to which she might go to attract them

Bursting with subterfuge, flirtation, and murder most foul, Murder & Matchmaking will lure you into a world of romantic intrigue, family drama, and amateur detecting. Jane Austens witty prose meets the perplexing mysteries of Sir Arthur Conan Doyle in a book that finally answers the question: if Mrs Bennet is so concerned about her daughters finding suitable matches, why doesnt she really do something about their chances?
