Synopsis Books:

Its been two years since Lord Jamie Mainwaring and Detective Remy Remington worked and loved their way through their one and only case before going their separate ways.

Now Jamie is once again mixing agency business with pleasure as he and his partner, Agent Ryan Whiteside, are assigned to a case involving piracy in the Caribbean.

Remy and his old friend Miggy are still detectives, but theyve gone private in Phoenix. When their biggest client sends them to supervise an unusual diamond transfer, they think their toughest challenge will be maintaining their cover as a gay couple on a barefoot-style cruise.

When murder connects the dots between the two cases, the four men must learn to work together as relationships and loyalties are tested amid misunderstandings and memories on the high seas.
