Synopsis Books:

Safekeeping, Jessamyn Hopes luminous, irreverent, and ambitious first novel, shows how a single item a medieval brooch made by a Jewish artisan for his wife connects people across time and history. Full of romance, tragedy, betrayal, and the constant reminder that chaos is a driving force in everyones story, *Safekeeping* is a wise and memorable debut by a novelist of great talent and originality. *The Boston Globe*

Its 1994 and Adam, a drug addict from New York City, arrives at a kibbutz in Israel with a medieval sapphire brooch. To make up for a past crime, he needs to get the priceless heirloom to a woman his grandfather loved when he was a Holocaust refugee on the kibbutz fifty years earlier.

There Adam joins other troubled people trying to turn their lives around: Ulya, the ambitious and beautiful Soviet migr; Farid, the lovelorn Palestinian farmhand; Claudette, the French Canadian Catholic with OCD; Ofir, the Israeli teenager wounded in a bus bombing; and Ziva, the old Zionist Socialist firebrand who founded the kibbutz. By the end of that summer, through their charged relationships with one another, they each get their last chance at redemption.

In the middle of this web glows the magnificent sapphire brooch with its perilous history spanning three continents and seven centuries. With insight and beauty, *Safekeeping* tackles that most human of questions: how can we expect to find meaning and happiness when we know that nothing lasts?
