Synopsis Books:

Sixteen with a bullet. Thats what Mayas Mom calls her. Its the sort of name you get when your Mom works for an Agency so secret it doesnt actually exist. Not that Maya minds. As far as shes concerned a pink Glock and a short skirt solve pretty much any problem, especially male ones. So new town, a new school? No big deal. Shes been there, done that and mostly blown someones head off in the process. Theres nothing Maya doesnt know about the family business.

Thing is, the Cute Guy in the front row wont stay dead, yesterdays getting a bad habit of turning into tomorrow and Mayas starting to think she doesnt know jack. She doesnt - but shes going to find out real soon. Because Jacks back.

Jack and Maya. Maya and Jack. Someones gonna die. Someone has to live. So sit down, put your head between your knees and kiss your pasts goodbye.
