## Synopsis Books:

The marriage of Gertrude and Walter Morel has become a battleground. Repelled by her uneducated and sometimes violent husband, delicate Gertrude devotes her life to her children, especially to her sons, William and Paul - determined they will not follow their father into working down the coal mines. But conflict inevitable when Paul seeks to escape his mother's suffocating grasp through relationships with women his own age. Set in Lawrence's native Nottinghamshire, "Sons and Lovers" (1913) is a highly autobiographical and compelling portrayal of childhood, adolescence and the clash of generations.
