## Synopsis Books:

*How far would he go to keep a secret?*

Off the cliffs of Brittany, danger awaits. To Bella DiCaprio, the windswept island offers hope. The story that cost her a prestigious reporting job has brought her here, where a mysterious recluse holds the key to a horrific bombing....

For Sheik Tariq Al Arif, the grief is still fresh. That tragedy took not only his career as a lifesaving surgeon but also his fiancée. Only here, walking the windswept cliffs by the haunted abbey, does he begin to feel alive again. And when the American beauty shows up on the storm-ravaged island off the coast of France, he knows their passion is dangerous.

*To desire is to dare: can either take the risk to love again?*
