Synopsis Books:

Samantha Holt has spent her entire life focused on her career as an Olympic snowboarder - to the point that she's never even had a boyfriend. Now the auburn-haired beauty has taken an early retirement to focus on her personal life, which is about to get a lot more interesting when a sexy man from her past comes to town. Can she trust him enough to be her first?

Luke Reynolds has moved back to the Sierra Nevadas to be closer to his family. A big bonus is the chance to finally be close to Samantha Holt, the girl he's been interested in for the entire ten years he's known her. Their snowboarding careers have put them in close proximity before, but Sam seems to have walls up when it comes to him. The bright blue eyes and sexy scruffiness that melt other womens' hearts seem to have no effect on her. Will Luke be able to show her that it's safe to let her guard down?
