Synopsis Books:

Sometimes, love lasts lifetimes.

Happily, at least ever after. Working as an insurance agent with her college sweetheart and longtime boyfriend, Lucas, she'll eventually marry him and together they'll take over the family agency. Then she and Lucas will start raising little insurance agents of their own. But something is missing

At her best friends urging, she decides to do one last wild thing before committing her life to a future of policy endorsementsshe takes a part time job reading tarot cards at a local Renaissance Faire theme park. Lucas is completely unimpressed and disdainful of her fascination with the mystical, but has no doubt she'll settle down once they're married. Enter Ian Kelly, mural painter, actor and witch. He and Lily have a chance meeting at the park, and the attraction is immediate. They have a history a lot of history. Several lifetimes of it, in fact, and their business together is unfinished.

All three have secrets, one of them deadly. Add in heaping helpings of magic, mayhem, Cuban sandwiches, one large Irish family and one very demanding feline for a story of love so strong, it'll take more than one century to contain it.
