Do you have trouble setting goals? Would you like to have greater focus, stronger follow-through, and achieve dramatically better results? Would you like to learn how to get anything you want from life--more money, a new home, a promotion, better relationships, a greater sense of fulfillment, or anything else you can imagine?

If so, then read **The Magic Lamp**. This remarkable book describes a simple yet unforgettable process for how to obtain whatever you want from both your personal life and your career.

What's the Secret?

The Magic Lamp is the first goal-setting guide for people who hate setting goals. Goals can take you anywhere you want to go, but they rarely give you the inspiration you need to get there. Wishes are different. They have emotional impact. They give you the freedom to dream and the power to make your dreams come true.

The Magic Lamp transforms the process of setting goals from a dull routine into an exciting adventure because it's the first book to combine the methods of goal setting with the magic of making your wishes come true.
