Synopsis Books:

Dan is an angsty emo-kid who works in a deadly dull shopping mall. He hates his job.

Rhoda is a junkie whose babysitting charge ran off while she was scoring cocaine. She hates her life. Rhoda bullies Dan into helping her search, but as they explore the neon-lit corridors behind the mall, disturbing text messages lure them into the bowels of the building, where old mannequins are stored in grave-like piles and raw sewage drips off the ceiling. The only escape is down.

Plummeting into the earth in a disused service lift playing head-splitting Musak, Dan and Rhoda enter a sinister underworld that mirrors their worst fears. They finally escape, but something feels different. Why are the shoppers all pumped full of silicone? Why are the shop assistants chained to their counters? And why is a caf called McColons selling lumps of bleeding meat? Just when they think theyve made it back to the mall, they realize the nightmare has only just begun...
