The greatest prize at the London 2012 Olympics isn't gold...it's the Holy Grail.

There's a rumour there's treasure buried beneath the Olympic site. And that a secret army is going to find it. Only nobody believes it. But when a mysterious group of pirates move to the East End, people become suspicious. And when Cockneys start disappearing, the Pearly King demands answers. But that's the least of Oscar's worries - all he wants to do it kill some cockroaches. The problem is, he's using a chemical weapon to do it.

The Pirates of Maryland Point is a fast-paced, who-dunnit, Cockney comedy caper packed with pirates and pie and mash.
