## Synopsis Books:

When the notorious investigative journalist Rhoda Gradwyn booked into Mr Chandler-Powell's private clinic in Dorset for the removal of a disfiguring and long-standing facial scar, she had every prospect of a successful operation by a distinguished surgeon, a week's peaceful convalescence in one of Dorset's most beautiful manor houses and the beginning of a new life. She was never to leave Cheverell Manor alive. Dalgliesh and his team are called in to investigate the murder, and later a second death, which are to raise even more complicated problems than the question of innocence or guilt.
