Synopsis Books:

Unscathed from the wars, Gervase Frant finally returns to his father's estate to claim his title as the new Earl of Stanyon. But his stepmother's resentment and his half brother's open disdain put a chill on Gervase's welcome. Now he must establish himself as the new head of the house... and ignore his family's rising hostility. Then Gervase's eye is caught by a lovely young woman--the same woman already much in favor with his half brother. Now the brothers face direct competition as they bid for the lady's attentions. But as Gervase struggles to maintain a gentlemanly balance, he begins to find himself the victim of repeatedly cruel accidents. Soon it becomes increasingly clear that someone wants the new Earl of Stanyon "dead."...
