Synopsis Books:

A humble stand alone chapter of memoir to appease and tide over those houseboy fans eagerly awaiting the publication of my next full-length work 'Revelations. Whenever that might be! Patience, people, patience! ;-)

The Snail Affair deals with a more recent incident in this boy's life, taking place, as it does, in July 2015. An old adversary drops in for a visit after Shane makes an announcement at breakfast one morning.

I hope you enjoy.

Cheers and all the best!
