## Synopsis Books:

Tanaqui and her family have always known they are somewhat different from the other villagers of Shelling. But when the great floods come and they are driven from the village, they begin to see the part they must play in the destiny of the land. As Tanaqui weaves the story of their frightening journey to the sea, and of the terrifying, powerful evil of the mage Kankredin, she realizes the desperate need to understand the meaning of it all. Can she fit the pieces of the puzzle together in time to stop Kankredin's destructive power?
