Synopsis Books:

Laney Winters is living the life she thought shed always wanted perfect home, wealthy husband and a successful, if somewhat mediocre, romance writing career. At forty-one, Laney discovers shes expecting her first child and cant wait to rush home and surprise her husband with the great news. Her husband, Tom, has a surprise of his own waiting for her. She walks in on him with his much younger secretary. He wants a divorce and wants Laney out of his house. Having signed a prenuptial agreement, she has little choice other than her oft-imagined revenge scenarios.

Coming to the realization murder isnt the answer, Laney leaves her shattered big city life and returns to the small town she grew up in and the two elderly, eccentric aunts who raised her. Sometimes life throws you a curve and forces you to make life-altering decisions. Wanting a place to hide and lick her wounds, the one thing Laney doesnt want is to fall in love again. But life is full of surprises, the bad and the good.
