Synopsis Books:

Meet Ron Ungary. He is a solitary man with an exceptionally high IQ. While his social skills may be lacking, his two best friends continually attempt to land him in a relationship. The week before Christmas, the three friends gather at Rons house for another in an endless series of uneventful blind dates. However, this new prospect may not be all that she seems. With all the requisite techno-babble and gratuitous cleavage, this will be a night that Ron never forgets.
