Synopsis Books:

Five years after the Vampire War, seventeen-year-old Selah Brown is on the hunt for answers. Heading to the vampire-held city of Miami, she plans to track down the origins of 'Blood Dust', the drug her father had been investigating shortly before he disappeared, in the hope of using the information to find him. What she doesn't plan on is meeting Cloud, the young and enigmatic leader of the human rebellion, or drawing the attention of the infamous vampire known as 'The Dragon', and awakening within him a dark passion he had thought long dead.

With the lives of friends and family on the line, only one secret, impossible talent gives Selah any hope of success--but that very source of hope might start the Vampire War anew...
