Synopsis Books:

It was supposed to be a happy occasion- a visit to your hometown by the President of the United States, John F. Kennedy. But no sooner had he arrived than he was gunned down in cold blood! You're a brilliant kid detective on your toughest case ever! Your Dad, the Chief of Police, has a suspect in custody, a Marxist named Lee Harvey Oswald. But is he really the assassin? You're not so sure- since the deeper you look, the more it seems like everyone from the Mafia, the Cubans, and the Military-Industrial Complex wanted him dead! And they might not be finished!

How will you fail to solve this mystery? If you question the suspect in custody, turn to page 4. Or if you follow-up on a tip from the mysterious Dr. Vivalzi, turn to page 12.

What happens next in the story? It all depends on the choices you make. How badly will you fall in your quest for the truth? Only you can find out! And the worst part is you can keep on re-reading until you've had not one but many incredibly depressing defeats!
