Synopsis Books:

Magnus Wingheart never knew about the world of Arkane. He never knew about the past his older brother, Drake, had kept hidden from him, nor that his parents had died at the hands of an inhuman enemy in a city he had never known to exist. When that enemy resurfaces, sixteen-year-old Magnus, Drake, and their former guardian, Cecil Handel, become ensnared in a deadly hunt for an elusive object they know almost nothing about. Their only escape entails confronting their pursuer the immortal madman Daimos Recett, the pivotal figure in a grand scheme that arches across the realms of existence and threatens all of Arkane.

Carved with an ever-deepening plot, Wingheart: Luminous Rock weaves magic, technology, and science in an enthralling tapestry that rends the line between fantasy and reality.
